A vast range of high quality MFC finishes and laminates is available.

We are able to manufacture in any board and edging finish, from melamines and laminates to lacquers and acrylics from all the leading manufacturers – **there are thousands of options.**

The finishes on this guide are from our stock range and are used on the majority of the work we do. Whether you're looking for something subtle, something vibrant, or maybe more traditional, there's plenty of options to choose from.

SEE IT FOR YOURSELF

Contact us and we will send you a set of samples of your choice from our standard stock range.
